

What We're All About

Founded in 1948 by Ed "King of the Canyon" McCarthy, Canyon Cruise has a long tradition of providing safe and quality canoe, kayak, and rafting excursions on the Pine Creek. From early Spring until Summer the waters of the Pine Creek provide over 60 miles of swift, clean, white water, stunning scenery and glimpses of wildlife. Although the water levels tend to drop off in the summertime, the water comes back again in the Fall. This is just in time to view the magnificent Fall foliage. From either the creek or the bike trail, the view of the Canyon is stunning. Current owner "Whitewater Joe" Womer continues these traditions and has added a few of his own. One example is the new "Paddle with the Owner Wednesday." Please contact us for more information.

Our location on Historic Rt. 6, between Wellsboro and Galeton, and between the Old Antlers Inn and the Log Cabin Inn, is just minutes from many popular access sites along the Pine Creek, allowing us to customize your excursion to your level of experience. The length of your trip can vary with the water level and the amount of time you want to spend on the water. We also provide rentals to any of our local lakes.

"It's All Part of Boatin!!"

In addition to boat rentals there are many bicycling opportunities in the Grand Canyon region. The Pine Creek Rail Trail follows the river along the resurfaced railroad bed and the surrounding Tioga State Forest offers off-road jeep trails and logging roads for the mountain biker.
